AREA INFORMATION:

It is with great pleasure that we welcome you to the Town of Mesilla, where events are not a trend, they're tradition and where history is alive and well! The Town of Mesilla is one of the oldest and most visited communities in southern New Mexico, where the hospitality is warm and the chile is hot. It is no wonder The Culture Trip, a renowned international online magazine, named Mesilla one of the top 10 small towns in the country to visit. The Town of Mesilla was also named the 2013 and 2014 Official Best Vacation Getaway in New Mexico. It is easy to see why, with over fifty unique stores, boutiques & galleries, award winning restaurants and cafes, all within walking distance of one another. Our plaza, the heart of Mesilla, has been witness to many historical events, most significant was El Tratado de La Mesilla, the signing of the Gadsden Purchase, which transferred lands, including the Town of Mesilla, from Mexico to the United States in 1854. Today, many traditional events are still held in the plaza, including our annual Cinco de Mayo & Diez y Seis de Septiembre Fiestas, our three day Dia de Los Muertos Celebration and our annual Christmas Eve Lighting of the Luminarias ceremony. So, leave your passport and worries at home and come visit us. Old Mesilla, shop and dine...the rest is history!
